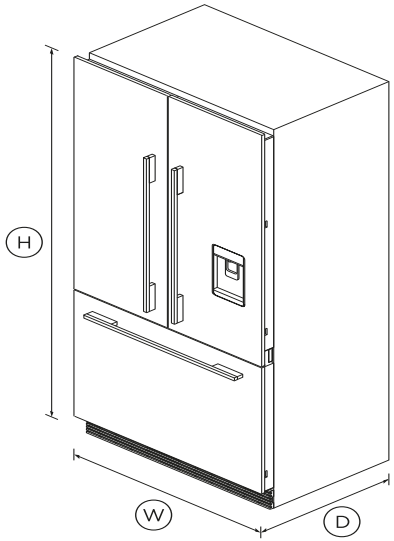
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

DIMENSIONS

Height	**1798 mm**
Width	**896 mm**
Depth	**606 mm**



FEATURES & BENEFITS

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Simple storage

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

Ice maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Water on tap

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator. You'll need to purchase our stainless steel door panel in order to use the water dispenser.

Easy cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Clever energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.
